

# Fresh, healthy air everywhere.

Orient's Range of Innovative Air Coolers.

**20% More  
Air Throw**

# Why Orient Electric Air Coolers

Today, when the air pollution levels are breaking records every day, the home is our only safe haven. Therefore, we must ensure that the indoor air remains pure and healthy.

This is why, Orient Electric air coolers are designed to give you not just a cool breeze, but the air that is fresh and healthy. Unlike other air-cooling devices, these coolers ensure fresh air ventilation and not just the circulation of the same air. With revolutionary technologies like DenseNest for efficient water retention and AeroFan for the longest and the strongest air throw, Orient air coolers make summertime truly blissful.

Apart from this, these coolers feature futuristic technologies like IoT and Voice Control so that you can operate your cooler from anywhere. Now you can supercool your room even before you enter it.

# Trust the best

## ECM Inverter Technology

Orient Electric air coolers are the first air coolers in India with the revolutionary ECM inverter technology. It ensures savings due to low power consumption as well as reduced operational costs with every season. Additionally, it also ensures protection from voltage fluctuation and reduces noise coming from the motor.

## A range as diverse as your preferences

As the summers step in, we all crave that cool and fresh breeze from an air cooler. While the basic function remains the same, different customers have unique preferences when it comes to air coolers.

Orient Electric is a one-stop-solution for your air cooling needs. We have a complete range of air coolers of all sizes, shapes, capacities, and features. Whichever cooler you choose, it's an Orient promise that your home will be filled with cool, fresh, and healthy air the moment you push that switch on.

# DESERT COOLERS

With the temperature breaking records every summer, Orient Electric Desert Coolers are the perfect solution. The combination of large tank capacity and powerful fan motor allows these sturdy air coolers to throw fresh, healthy air everywhere, all day long. The superior air delivery, powerful air throw, high cooling efficiency, along with low noise & easy manoeuvrability, make these coolers the best in their segment.

## IDEAL FOR

- Living Room
- Party Hall
- Shop
- Gym
- Restaurant
- Closed Outdoor

Cools up to: 37 sq. mts.\*

\*Estimated area based on 3mts (10ft) ceiling height and an all-sides-covered room.

# SUPERCOOLER SERIES

Whatever the weather conditions, our Outdoor Air Coolers are built to deliver fresh and healthy air without any interruption. Coated with specialised powder coated GPSP sheets, these coolers can withstand extremely harsh weather conditions. Their new LockMatic™ Technology keeps the tank leak-proof and cool. The latest AeroFan Technology makes these coolers ideal for large and open spaces, where you can easily move them around on a trolley.

Cools up to: 54 sq. mts.\*\*, 76 sq. mts.\*

# WINDOW COOLERS

The innovative Window Coolers are equipped with a myriad of features that make your life easier. The large water tank capacity ensures that you can easily fill it and forget. The advanced 4-way deflection system cools the room evenly. The combo of special Humidity Control and the Fragrance Chamber turns humid air into a fresh, healthy, and pleasantly cool breeze. The icing on the cake is that these coolers are built to consume less energy and save power.

Cools up to: 22 sq.mts.\*
